WORK HEALTH AND SAFETY POLICY

OMAL is firmly convinced that the pursuit of continuous improvement in all areas, particularly in the field of Work Health and Safety (WHS), is an essential factor for the organization's success and intends to pursue it while respecting the following commitments:

- Identify relevant stakeholders for the management system, analyze and respond to their present and future needs and expectations regarding WHS. Maintain safe and healthy working conditions to ensure the prevention of work-related injuries and illnesses for its employees.
- Respect applicable national laws concerning the protection of health and safety in the workplace.
- Pursue continuous improvement of the organization in WHS by planning objectives and providing adequate resources and means for their achievement, ensuring constant monitoring of processes.
- Create and maintain an internal environment that engages staff in pursuing the organization's WHS objectives by promoting consultation and participation of workers and the Workers' Safety Representative.
- Identify and eliminate hazards and manage potential risks, assess opportunities for continuous improvement in health and safety at work.
- Promote information and training for staff at all levels to enhance individual skills and promote a work culture oriented towards the protection of health and safety in the workplace.
- Share this Policy with the supply chain to ensure compliance with laws and requirements regarding WHS for their workers and collaborators.

Protection of Work Health and Safety, Legality, environmental protection, and sustainability constitute the cornerstone of OMAL's Corporate Social Responsibility strategy, which aims to achieve its growth and development objectives while respecting the corporate mission to protect the environment and the surrounding community, thereby concretely improving the quality of life.
